2. Never Felt Better

Rip-pah peer peer ba-bah ba-bah bah
Rip-pah peer peer ba-bah ba-bah Bobby's back
I just got back in the neighborhood
I'm invisible, but I'm still looking good
All my friends are dead or they moved away
Ain't nobody left to call, but I'm still gonna play
I got an ephedrine banana and a broken shoe
Keeping my eyes open with some crazy glue
I'm always so surprised by everything I do
Little black trees mango-cherry vapes
The whole damn world is a urinal cake
But I finally got a feeling, and I think you got the feeling too
'Cuz I'm all right, I'm all right, I'm all right, never felt better!
Rip-pah peer peer ba-bah ba-bah Bobby's back!
It's all going wrong from my point of view
So I'm filling up the bong with some Mountain Dew
But now that I can feel it, I know that you can feel it
You're all right, we're all right, I'm all right, never felt better!

3. Juicy Goons

The body is pudding, baby, bones support the mass
Holes and tubes to drain your fluids, the whole thing don't last
But you've got the muscles, baby, to master your shape
Skin and groans and silicone, yeah, don't it feel great?
You're just so juicy, baby, the way you goon me, baby
And when you spoon me, baby, I feel like trash
And I love it
Juicy-juicy, Juicy Goon, etc.
You're just so juicy, baby, the way you goon me, baby

Each time I touch you, baby, I'm gonna crash
And I love it
Juicy-juicy, Juicy Goon, etc.
You got me shaking, baby, you gotta help me, baby
My body's melting, baby, I'm gonna...
I love it
I'm in love with a Juicy Goon 'cause they make me feel alright
I'm in love with a Juicy Goon 'cause they make me feel alright
Baby make me your Juicy Goon and take me through the night

4. Sixties Babies

This world's got problems, and baby, I don't understand
But if you want to hear some rock and roll, then
I'm your man! *He's the man!*
I'm taking it easy, got my head in the sand
But if you want to hear some rock and roll, then
Join the band! *Join the band!*
Sixties babies – old and gray
Seventies eighties – fading away
Nineties babies – no, they can't play
So they cry, cry, cry, cry-i-i-iiy
You got questions, but you don't want the truth
But if you want a taste of my rock and roll, well
We got proof! *We got proof!*
You got all the answers, but no-one agrees
So if you want to fight with the world in flames, well
Don't blame me! *Don't blame me!*
Sixties babies – almost dead
Seventies eighties – sick in the head
Nineties babies – stuck in bed
'Til they die, die, die, die-i-i-iiie
I'm just selfish, and it ain't fair
So if you're getting tired of my rock and roll, baby
I don't care! *He don't care!*
I don't care!

Josh Johannpeter - drums / Jim Cooper - bass, backing vocals / Devin Davis - right guitar / Bobby Conn - vocals, left guitar / Monica BouBou - violin, backing vocals / L. Wyatt - backing vocals

5. Nostalgia

You may have heard this song before
It's in a style that's not so common anymore
You may recall a distant memory
From when you were small, a safe and happy melody
Nostalgia – The comforts of the past
Nostalgia – We've got to make our moment last
Remember, but never accurately
This isn't history, it's just another old man's fantasy
You have been told how good things used to be
By folks who are old and frightened of mortality
It's just a lie, protects the status quo
Someday they'll die and then you'll get your chance to know
Nostalgia – A window to the past
Nostalgia – Forgotten treasures in the trash
Remember, but never accurately
This isn't history, it's just another old man's fantasy
Nostalgia – The way things used to be
Nostalgia – Let's deny reality
Remember, but never accurately
This isn't history, it's just another old man's fantasy

Josh Johannpeter - drums / Jim Cooper - bass, backing vocals / Devin Davis - right guitar / Bobby Conn - vocals, left guitar / Monica BouBou - vocals, violin / Billie Howard - RMI keys / Dave Smith - baritone and tenor sax / Danny Frumpkin – questions

6. Satisfied?

Give me time to satisfy
Bourgeois dreams and compromise
Every contradiction with a smile
Brand new kitchen stainless steel
Order take out every meal
Upbeat conversations and denial
If all you got is what you buy
A thousand cuts and then you die
I hope this situation lasts a while
Are you satisfied? I'm gonna hide!
You'd better run, let it go, just let it go.
All your time drips away.
Leave the house live in the van
Find clean water if you can
Bait your hook with plastic, you've got time
To watch the corpses floating by
The fish are dead but you can try
To recognize your neighbors in the slime
Some went down and some survived
The music stopped, are you surprised?
Let's just keep pretending it's a dream
What does it mean? What happens now?
I'm satisfied, let it go, just let it go
All your time slips away.
